

# interiorresources

**Interior Resources** is a company as committed to the environment as we have always been to our customers. Listed below are some of the efforts we make to be good stewards for the future of our planet.

## Recycle & Reuse Initiatives

- Recycling of all paper, glass, and metal in all of our facilities
- Recycling of production waste wood & sawdust collection systems
- Reuse waste wood to heat our facilities where practical
- All company literature is printed and shipped using recycled paper & packaging
- Recyclable packaging and limited use of styrofoam limits waste stream contributions
- Reupholstery of existing furniture is offered when practical

## Energy Initiatives

- Wind Power is used in some of our fabric weaving operations
- High efficiency fluorescent lighting has been installed in our facilities
- High efficiency heating and cooling systems have been installed in our facilities
- Raw materials are sourced locally to cut down the transportation carbon impact

## Sustainability & Low Impact Initiatives

- Factories participate in 1-4-1 forest seedling donation programs
- Wood components are sourced from non-rain forest, certified reforestation producers
- Steel components are sourced from recycled steel producers
- Fabrics are produced from recycled yarns & low industrial waste sources
- Finishes & adhesives are water based, eliminating harmful VOCs

## TAKE ADVANTAGE OF OUR FREE OFFER

In our continuing effort to promote environmentally responsible brands, we'd like to share another great product with you!! Every agency placing an order with us for the month of June 2010 will receive a

**FREE** package of *CAFÉ BLEND* coffee from Sun Coffee Roasters...an organic, fair trade producer of superior coffees roasted in Plainville, CT.
